Rita,
We keep the last page of all RSL reports for our stats. It contains computer run times and other information we use in reports.

Thanks,
Mark

Hi Mark
The error report has total 8 pages but I received only 7 pages, page 8 of 8 is missing. Could you please get me the last page of this report? Give me your room number, I will come to your office to pick it up.
Thanks.
Rita

Rita,
We did get a CRF on 6/9/04. It was erred so, the sequences are not in ABSS. I will bring a copy of the error report to your office. I also had PALM updated with the CRFD.

Thanks,
Mark

Mark
If you go to eDAN, you will find a response to our SEQ compliance notice dated May 5, 2004, filed on June 7, 2004. Their response has stated that they have submitted CRF and sequence listing for this case.
Thanks.
Rita

Rita,
STIC has not received a CRF for this serial number.
